

Canora Weaving & Tarp Manufacturing Boat Cover Limited Warranty Policy

The materials and products produced by Canora Weaving & Tarp Mfg. are guaranteed to be defect-free when manufactured.

Canora Weaving & Tarp Mfg. warrants boat covers for a minimum of 3 years. Warranty coverage is initiated on the date of purchase. Any kind of replacements under this warranty do not extend the warranty period. The custom boat cover must be properly installed, used, and maintained. *This warranty is only eligible to the buyer and is not transferable.*

If CWTM determines that a returned product is eligible for warranty, repair or replacement of the product will be at CWTM's discretion. Replacements will be made using current products that are optimal for its replacement's equivalent function(s).

If CWTM determines that a returned product is *not* eligible for warranty, CWTM will contact the buyer for permission to execute the required repair or the purchase of a replacement cover. Each non-warranted circumstance is solely at the buyer's cost/expense.

Labour charges (other than what's sustained at CWTM's facility) are not covered under our limited warranty.
